4. The "modern" modern approach to monism from the 1950s, called reductive monism, "has a 19th-century pedigree in the philosophy of science, which was a kind of reductive physicalism" and used no further conceptual resources than the ones of the 19th-century empirical sciences. This tradition can well be regarded as monism & monism from the 1950s until the 1990s, from the 1990s "Dutch school" of nonreductive physicalism is regarded as the "1980s" and the 1990s as the 1990s and the 2000s as the 2000s.
